Menaced By Claws of German Eagle—Great Conflict Yet to Come

LATEST WAR BULLETINS

CENSORSHIP VEIL IS DRAWN.

London, England, Oct. 11.—With the conclusion of that phase of the war of the nations which came with the fall of Antwerp, the censorship has again drawn a veil over the fighting in the greater part of the conflict.

\$100,000,000 INDEMNITY IMPOSED ON ANTWERP.

London, Oct. 12, 4:15 a. m.—Germany has imposed a fine of 20,000,000 pounds sterling (\$100,000,000) on Antwerp as a war indemnity.

BOMBS DROPPED IN PARIS.

To remind Parisians that they are still in France, two German aeroplanes which seem to choose Sunday for their visits, flew over the French capital today. They dropped a score of bombs, which killed three persons and wounded twenty, but did no material damage to the city.

Mr. Harry Sweet will fill Mr. Byron Rudy's place on route 5 while he is absent in Frankfort attending the annual session of the Grand Lodge I. O. O. F.

MAYSVILLE DELEGATES

ARTHUR LEE WINTER

Death Angel Darkens Home of Mr. and Mrs. John I. Winter and Claims Their Only Child.

Arthur Lee Winter, only son of Mr. and Mrs. John Isaac Winter, died at the home of his parents in Port Worth, Texas, Sunday morning after a brief illness of typhoid fever, in his 20th year.

The sad news was received yesterday afternoon by his aunt, Mrs. E. T. Kirk. Arthur Lee was the light of his parents' home and was born in Augusta, he being a grandson of Mrs. S. S. Winter.

Mr. and Mrs. John I. Winter, former popular residents of Maysville, have the heart felt sympathy of all in this, their first great grief.

The burial of Arthur Lee will take place at Port Worth tomorrow afternoon.

HEALTH NURSE

One of the Most Important County Offices and It Demands Time and Money.

Suppose free delivery of the mail were removed from the city and county, there would go up from the whole citizenship a protest, and if it were a question of paying for the service each taxpayer would come forward with the amount necessary to maintain this splendid service. It has never been a luxury, but always a necessity, and yet the Mason County and Maysville free nurse is subject to the call of every one needing theoretical or practical aid in case the necessity arises. Sanitation and hygiene are just as important to the citizenship as free mail delivery. The point we want to make is that the citizens of Maysville and Mason County should give of their money to sustain this institution.

Now is the time to give what you will, either to Mr. Frank H. Clarke, Mr. Winslow Ball or either of the three newspapers in Maysville.

A resume of the activities of the Health Nurse, Miss Casey, shows us astonishing results. She is constantly going into the home of those needing services, gratis. You have but to notify her that you need her services and she will come any time. Even this week she has been going over the county giving health talks, demonstrating her abilities and administering to the needs of the sick.

It requires money. We need \$2000, \$3000 of which is in sight. Come forward, please, and give to this worthy cause.

BUILD YOUR HOUSE NOW!

If you are contemplating building a home or a house for an investment, now is the time to place your order. We have the largest stock of all kinds of building material that can be found in Northeastern Kentucky and have large contracts with the timber men for still greater supply. We contracted this large supply at a price very near cost of production and we are in position to give you the advance of this good purchase. Place your order now or let us give you an estimate on your requirements; you will then leave your order with Maysville's Foremost Lumber Yard.

The Maine results show that, in the classic language of Kentucky, "United we stand, divided we fall," but that handful of Bull Moose votes by no means indicates that in the get-together movement which must follow the fall should wag the dog.

Foreign trade returns for August at the port of New York suggest a worse showing for the country as a whole than had been looked for. Imports decreased \$12,000,000 in comparison with the corresponding month last year, while exports fell off \$14,000,000.

Since the war began there has been a rush of orders from England for American steel. The time was when English statesmen were predicting that steel would never be manufactured to any amount in the United States, or in successful competition with Great Britain.

If it is the intention of the Administration to give us the reputation of being a nation of sharpers and make us come out of this war without a friend in Europe, we presume the Wilson shipping program must be conceded to be a veritable triumph, says the Boston Transcript.

The Springfield Republican says that the Republicans will not go to Roosevelt; he must come to them if he would have political salvation. That he can again command full leadership in the old party grows doubtful for the type that Emperor William represents is to be less popular in this country.

The Wall Street Journal claims that nothing which our experimental administration has done carries so many astonishing possibilities of future trouble as the proposed state-owned steamship line. The proposal has every possible vice of ship with added ones of its own; and none of the advantages of a straight-forwardly subsidized marine.

er of the National Department of Agriculture the effect of the European war on our "It will be of no benefit unless it should cultural products much scarcer than others. If all the things which the farmers buy rise in price on the average as much as the things they have to sell, there will be no harm as a class."

unruffled relations which have been maintained between the government of the United States and the nations engaged in conflict have been source of the keenest gratification on both sides of the Atlantic, and their existence promises great good to humanity in the future. It is more than a pity to run any risk of disturbing them in the smallest degree over questions of shipping.—Washington Herald.

THE VANISHING BULL MOOSE.

In the light of the registration figures it is in order to inquire what has become of the erstwhile militant Bull Moose party in Louisville?

All parties show a slump as compared with the registration figures of last year, but the slump is nowhere so pronounced as in the ranks of the Progressives. Their registration this year is less than half the number they registered last year. This represents a loss of 7,121, only 6,313 Progressives registering in 1914 where 13,434 registered in 1913.

No other party seems to have profited by this remarkable deflation. The Democrats have fallen short of their registration of last year by 2,739 votes. The stand-pat Republicans lack 1,052 votes of registering as large a total as they registered last year. The Independents alone have held their own fairly well in a year of general falling off, but they are 257 short of their registered record of 1913.

Evidently there has been no stampede of the antlered herd to the G. O. P. such as the Republican leaders have fondly hoped. Neither has the Progressive party gone Democratic unless an enormous number of Democrats went fishing on registration day, which does not look probable. The only plausible theory seems to be that the Bull Moosers of Louisville have taken to the woods.—Courier-Journal.

Although we have only 6 per cent. of the world's area and 7 per cent. of the population, we produce of the world's total production, in the case of corn 68 per cent.; wheat, 20 per cent.; cotton, 61 per cent.; sugar, 10 per cent.; tobacco, 35 per cent.; cattle on farms, 15 per cent.; coal 40 per cent.; petroleum, 63 per cent.; copper, 55 per cent.; iron ore, 42 per cent.; gold, 20 per cent.; silver, 28 per cent., and lead, 30 per cent.

The Journal of Industry, the official organ of the South Australian chambers of commerce, does not think that "progressive" legislation, so-called, has helped Australia. It declares flatly that it is actually reactionary and restrictive. "Parliaments," it says, "are engaged, not in providing fair opportunities and no preferential treatment, but in devising handicaps and leg irons in order to check the movements of progressive people."

The Democrats put ores on the free list with pig iron, steel ingots, rails, etc. As a result are shipments from the Lake Superior district for the season to September 1 show a loss of 10,735,449 tons or 33 per cent. compared with the corresponding time last year, and thousands of workmen were thrown out of employment. Has anyone heard of any advantage from this Free Trade provision? Men out of work, mills closed, and the business depressed, nothing but loss, with no gain whatever.

NO NEED FOR IT.

Gov. Miller, of Delaware, remarked not long ago that even book agents sometimes fail of achievement through unforeseen misunderstanding.

"An affable agent of this sort approached an old Texan whose record he had previously acquainted himself with.

"'Colonel,' said he, 'those are mighty fine boys of yours.'

"'The finest ever, stranger,' nequiesced the Colonel.

"'I reckon you buy them anything they want?'

"'Why, sure, stranger; I buy them anything they need, whether they want it or not.'

"'Then, Colonel, let me sell you a cyclopedia for them. There's nothing else that will benefit them so much.'

"The Colonel looked at the agent in astonishment.

"'Why, stranger,' said he, 'them boys of mine don't need no cyclopedia. They ride mules.'—Lippincott's.

The General says:

A well-satisfied customer is seldom lost. He will come back to the same house of business which has given him satisfaction and service before. The next time you are in the market for roofing remember—

Certain-teed

Quality Roofing Durability Guaranteed.

—has won its way to the front because customers who have covered one building with Certain-teed want it for other buildings.

They know by experience that Certain-teed is the highest quality roofing possible to buy and they know it is reasonable in price.

PRICE MAINTENANCE.

Its Necessity to Aid Consumer.

Many big industries engaged in national trade have often in the past done openly what the small concerns in their limited fields have done secretly—varied prices according to the degree of competition at different times and places. Their object has been to secure the highest price to be had, irrespective of whether the buyer was held up or not.

The principle of selling goods at a close margin at one price to meet or to kill competition, and charging a high price, to make up for it, where little or no competition exists, is economically wrong and unfair to the buyer. Every article offered for sale should have a uniform price plainly marked upon it.

Manufacturers will then have to see that the price of their goods is a reasonable one, so they will sell and at the same time they will provide enough profit to pay the dealer and dealer fairly for handling the goods at a uniform price. This will inspire confidence in the consumer, because to will know the price can not be cut and must therefore be a reasonable one to permit the goods to sell. He will buy such goods in preference to a small selling article sold at exaggerated prices.

Everybody will benefit from price maintenance in this way. It will protect the manufacturer who has built up well-known brands, also the consumer who is seeking value for his money. Distributors will be protected in handling it at a fair profit, and they will not be forced, through fear of cut-throat competition, to build up their own private brands at much expense.

When you buy Certain-teed you have our real guarantee that it will last at least five years for 1-ply, ten years for 2-ply and fifteen years for 3-ply, and this guarantee is backed by the world's largest roofing mills.

There is a dealer in your city or town who handles Certain-teed products. He will be glad to give you information and prices.

LUKE McLUKE SAYS

Nature is a mean cuss in some ways. A woman never gets any thinner worrying over how fat she is.

It always makes a girl feel better to realize that even if she is thin it is wonderfully becoming to her.

The reason why a girl has to have a \$10 exercising apparatus in her bedroom is because you can plant corn in the dust under her bed because she is too tired to sweep under it.

When a girl's face is her fortune you can't blame her for painting it up every day and keeping it in repair.

The old-fashioned boy who had a hard time getting enough spit to moisten the lacing when he polished his shoes now has a sign who chews tobacco when he sits in a chair in a Shoe Shining Parlor.

Many a rich man wishes he could take a poor man's appetite into the dining room with him.

A bachelor can't see why he should invest \$2 in a marriage license when he can buy a talking machine for \$40.

Our idea of a Brute is a man whose wife is so scared of him that she doesn't open his mail.

TOO MUCH TO EXPECT.

A hot campaign against illiteracy is being waged in Kentucky. We hope those pushing the fight will first tackle the fellow who says "I taken," or "I disremember." Then jump the fellow who says "I loved" to do so and so. Don't be too impatient Mrs. Landrum. A lot of these guys haven't learned their a, b, c's yet and it's rather too much to expect them to know grammar. —State Journal.

THE CONVICTS AND THE ROADS

(Courier-Journal.)

Twenty convicts are to be detailed from the Frankfort penitentiary for work on the public roads of Lawrence county.

This will be in the nature of a double test. In the first place it is to test the constitutionality of the law enacted by the last Legislature declaring improved highway routes connecting county seats to be public works. In the next place it will be a test as to the feasibility of employing convict labor profitably in road construction in Kentucky.

The Constitution of Kentucky provides that "persons convicted of felony and sentenced to confinement in the penitentiary shall be confined at labor within the walls of the penitentiary." There is a provision also to the effect that the legislature shall not have the power to authorize the employment of convicts elsewhere, "except upon the public works of the Commonwealth of Kentucky," or in the event of pestilence or the destruction of prison buildings.

The Legislature, in creating a system of State highways, connecting the county seats, and providing that these highways shall be the first to receive State aid, sought with very good reasoning to make such roads "public works of the Commonwealth." If the legislative declaration stands the test of the courts there is no barrier to the employment of the convicts on the roads. The voters of the Commonwealth in one election have declared themselves in favor of a constitutional amendment to permit such employment. This election was declared invalid on a mere technicality, necessitating another vote.

In the meantime the State is likely, because of expiring contracts, to have a large number of idle convicts on January 1. Employment of some sort will have to be found for these prisoners and the proposed road working experiment is timely.

"KORN KARNIVAL"

Draws Thousands Into Portsmouth From Surrounding Territory.

Portsmouth, Ohio.—Eight thousand members of fraternal organizations throughout Southern Ohio marched in six divisions here. The parade was the climax of a series of features of the second day of Portsmouth's second annual Korn Karnival, which it is estimated drew 20,000 visitors to this city.

The parade was two miles long. Other big features included a baby show, a baby buggy parade, in which 101 babies and their mothers participated.

GENERAL SHAKE-UP

Among Storekeepers and Gaugers In Kentucky Is Being Arranged.

Washington.—A general shake-up among the gaugers, storekeepers and storekeeper-gaugers in Kentucky is due to "brenk" at any time, according to Kentucky members of Congress, who are watching for an opportunity to help slip some of their friends into these places.

Last February Civil Service examinations were held in Kentucky for these revenue employees, but the Civil Service Commission has remained quiet, and the incumbents, who are mainly Republicans, have continued to enjoy the office.

Today Representative Harvey Helm was told that the commission has completed the examination of the papers, and that the Collectors will be notified of the rating within a few days. This means that new appointments will be made at once.

Scott Mayes, Collector of Internal Revenue at Louisville, arrived here this afternoon. He stated that he came on departmental business.

WHO?

Who fight the battles of the king
And march where sabres soundly ring?
Of whom do war birds seldom sing?

The people.
Who sacrifice their lives and all
They may possess to heed the call
That crowns a king and may not fail?

The people.
Who march through blood with courage
To satisfy a monarch's whim.
And sing this monarch's little hymn?

The people.
Who have no choice to profit by?
Who for content and peace may sigh?
But must march on to kill—to die?

The people.
Who through all time have been beset
By terror, death or vain regret?
Recalling deeds they would forget?

The people.
Who have fought battles, not their own,
To keep the king upon his throne?
Whose wrongs can no one else condone?

INGROWING CONSERVATISM AN ENEMY OF SAFETY FIRST.

As it strikes me "Safety First" is up against what, for want of some more appropriate term, we might call "ingrowing conservatism," and what we most need is a prophet, or a miracle, to lead us out of the wilderness, or to put our opponents to shame. Railroaders are naturally conservative and tenacious of old practices, perhaps more so than ordinary folk, and within limitations this is a very good thing. But conservatism run riot is much worse than the other extreme. The Chinese are the most illustrious examples of this "ingrowing conservatism." They were rather highly civilized at a time when most of our ancestors were concerned with nothing more elevating than banging each other over the heads with stone clubs.

Then some one convinced them that there was absolutely no use in trying to do anything better or differently from the way their ancestors had done it, and the whole nation, in its daily, political and social, stood still for thousands of years, lost the long start they had on the other peoples of the world, and are now not even within hearing distance of the hand wagon of progress. They got an overdose of conservatism and stagnated. The same quality has brought almost every reform movement, no matter how commendable to its knees and its pilots to despair and sometimes even martyrdom. This is the reason also, why new ideas, no matter how good they are, have to be literally forced on those they are to benefit. It is this quality that produces the fellow who can do nothing in the "Safety First" movement, but an effort on somebody's part in some nebulous way, to "put some thing over" on him, that renders him rank and file indifferent and sometimes to their shame he is said, even hostile to our efforts to save their lives, their limbs, and prevent the destitution of their families. Who will be our prophet, and who will confound these doubters? Let us work on with might and main, confident that it will be done by someone in some way, and confident in the virtue of our cause, and our ultimate victory; because "Safety First" is RIGHT and you may usually count on RIGHT to win out in the long run.

In the meantime, let us persuade as many of the boys as possible to cut off their mental pigtails, and stop being Chinese, in this "Safety First" business.—B. A. Frazer, C. & O. Claim Agent, Covington, Ky.

NEW BISHOPS

For Episcopal Church Are Elected at Meeting in Minneapolis.

Minneapolis, Minn.—Four new bishops were elected by the House of Bishops of the Episcopal Church, in session here. Those chosen were:

Rev. Herman Page, rector of St. Paul's Church, Chicago, who will preside over the diocese of Spokane.

Rev. Paul Jones, of Salt Lake City, diocese of Utah.

Rev. George Coolidge, Hunting, of Berkeley, Cal., diocese of Nevada.

Rev. Herman R. Hulse, of New York, diocese of Cuba.

A proposal to reduce the number of bishops to be elected from four to two by combining the dioceses of Utah and Nevada and the dioceses of Cuba and Porto Rico was defeated after a long debate.

PUBLIC SALE

If not sold privately previously, and considering the serious condition of my eyes, I will offer at Public Sale to the highest bidder on October 14th, 1914, at two o'clock, p. m., at the courthouse in Maysville, Ky., my farm, containing one hundred and fifty-two acres, two roads and twenty-six poles. It is situated on the Minerva and Dover turnpike, about one and a half miles from Fern Leaf. This farm has on it a residence of nine rooms and another house of five rooms, and the necessary out-buildings; also a splendid tobacco barn, eighty-four feet long, a stripping house and large ice house. It is well fenced, with woven wire fence, and well watered. Is all in grass but about fifteen acres, which is in corn. I have no hesitation in stating that this is one of the best farms in that location of the county, all of the land is walnut, sugar tree and ash, grows a very fine quality of tobacco. There is also an abundance of locust timber and sufficient fruit. It is convenient to one of the best schools in the country, with four school wagons passing to convey the children to school; also several churches near, and is in a splendid neighborhood, which is very essential in seeking a location for a farm to be offered as a whole. Two tracts, as it can be divided, make two nice-size farms with on each. Possession given Nov. 2nd, 1914, with the exception of corn land, which will be when it is cribbed. Terms of sale, one-third the purchase money November 2nd, and the other two-thirds in one year, with a lien retained on the land and six per cent interest per annum deferred payments. If the purchaser prefers they can pay all cash. The seller is reserved to reject any and all bids not satisfactory.

Any one wishing to buy will please call at my rooms at the residence Mr. P. W. Wheeler, 221 West Second Street, Maysville, Ky.

STEADFAST CONFIDENCE

The Following Statement Should Form Conclusive Proof of Merit to Every Maysville Reader.

Could stronger proof of the merit of any remedy be desired than the statements of grateful endorser who say their confidence has been undiminished by lapse of time? These are the kind of statements that are appearing constantly in your local papers for Doan's Kidney Pills. They are twice-told and confirmed with new enthusiasm. Can any reader doubt the following. It's from a Maysville resident:

Mrs. John Wallingford, 105 Commerce St., Maysville, Ky., says: "Several of my neighbors have been cured of kidney trouble by Doan's Kidney Pills, and one of my family was also cured of a serious case of kidney complaint after other medicines had failed. Every one who tells me I use Doan's Kidney Pills in that way I keep my kidneys in proper working order and ward off any sign of kidney trouble. I am glad to confirm the statement I gave some years ago, recommending Doan's Kidney Pills."

COMES BACK

Agent Wikoff Answers Councilman Greenlee—Says His Company Awaits Committee's Action

Maysville, Ky., Oct. 10, 11.
Editor Public Ledger:
Referring to the communication of Councilman Greenlee in your Friday's issue, Mr. Greenlee was fortunate in having so able and distinguished a writer to pen his article for him to which he probably signed his name.
He says: "In my humble capacity as a Councilman and a guardian of the City's interest I certainly claim the right to protect and defend the integrity of the City."
Quite true, but then is it not strange how some interests are protected by some people, and then other interests neglected by them? Say HOME in rity of the assets of the City."
Again he says: "The Superintendent of the C. & O. told several citizens that the C. & O. designed making a fill at the foot of Wall street."
Now any person knows that such a statement coming from a Superintendent would be absurd, and it is generally known that the piling along from street were driven on account of the greatly increased weight of all railroad equipment, engines and cars.
My argument that lower street had been closed for over thirty years away and boat landing" was for as his writer asserted, but come by all citizens who have a for that length of time; that not been made use of as a road boat landing.
So speaks of "this power of the City of wealth." There has not any touch of anarchy at all in transaction, but quite to the contrary.
The gentlemen who compose the committee on Turnpikes and Railroads in the City—Messrs. Cullen, Easton, Hunsicker, Gantley and Fleming call upon Mr. Greenlee that my amination to them closed as follows: "Should you believe the C. & O. Mr. Kirk entitled to any consideration as heavy tax payers, they would recite anything you may be able to do for them in this matter."
However, the whole matter appears have been taken out of the Committee's hands, judging from the last issue of Mr. Greenlee's article. We can assure him, though, that the C. & O. Company will be perfectly satisfied and will agreeably abide by whatever action this Committee may recommend to the Council.
Mr. Greenlee advised me some three weeks ago that from now on he proposed to make it hot for the C. & O. So long as he acts lawfully in carrying out his threat the C. & O. will not object and am sure there are but few citizens who hold such animosity against the C. & O. Company. I can assure Mr. Greenlee that this will be

my last communication, and that the latter one was brought out owing to the intense activity of certain individuals who have had lots of leisure time on their hands for the past three weeks and they could not wait to transact the lower street matter in regular procedure through the Council Chamber.

NOTICE OF CONTEST

To the Board empowered to hear and determine contested election in Local Option cases in Mason County, Ky. MASON COUNTY, STATE OF KENTUCKY.

Geo. M. Diener, Charles Bland, M. J. Donovan, Dan Miller, Ira E. Newell, Henry Parwick, Frank Miller, John Barker, Frank Eitel, John Wells, W. B. Goodman, Ben Poyntz, E. H. Whittington, Martin Drennen and Pat Sammons.

CONTESTANTS.

I, M. Lane and all other signers of the petition filed in the Mason County Court on July 6th, 1914, calling for said election and to all whomsoever it may concern.

CONTESTEES.

Notice is hereby given to I. M. Lane and all others who signed the petition calling for the local option election which was held in Mason county, Ky., on September 28th, 1914, and to whomsoever else it may concern, that we the undersigned contestants filed with the Clerk of Mason County Court, a petition and notice of contest of the said election which was held on September 28th, 1914, and that we are now proceeding according to law, to contest said election, on the following grounds:

1st. That the petition, having been duly signed and presented to the Judge of the Mason County Court, asking said Judge to order a separate election in the City of Maysville on the proposition set out in the pleadings herein, that it then became the duty of the Judge of said Court at its next regular term, to make an order on his order book directing a separate election to be held in the City of Maysville on said proposition and to direct the proper officers to hold said election and to take the sense of the legal voters in the City of Maysville, qualified to vote at elections for county offices, on the question whether or not spirituous, vinous or male liquors should be sold, bartered or loaned within the City of Maysville, but that said Judge failed and refused to order such an election and failed and refused to direct the proper officers to hold or any officer to hold such an election in the City of Maysville as a separate entity, not with standing the fact that the petitioners for said separate election for the said City of Maysville complied with all the requirements of the law and said request, and that said refusal of said County Judge was erroneous and in violation of the Statutes in such cases made and provided, and by reason of said refusal of said County Judge and such violation of the law, the election so held so far as it effects the territory within the City of Maysville, was and is null and void and of no effect, and is null and void in Mason County.

2nd. Because the Act of the General Assembly of the State of Kentucky, approved March 13th, 1914, and being chapter 13 of the Acts of the 1914, under which said election was held is in contravention and in conflict with the provisions of sections 1 and 5, and 6 and 51, and 61, and 148 of the Constitution of the State of Kentucky, and contrary to the provisions of same.
3rd. Because said Act of the General Assembly approved March 13, 1914, if not unconstitutional, when construed in conjunction with the Act of the General Assembly of 1912, being chapter 3 of said Act, and the Act of the General Assembly of 1906, being chapter 21 of said Act, and known as the Cammack Act, and the Acts of 1891, being chapter 81 of Kentucky Statutes, approved March 10th, 1891, entitled the City of Maysville and each of the second, third and fourth wards thereof as separate entities and political subdivisions of Mason County and of the State of Kentucky, to a separate election upon said proposition when same was duly requested.
4th. Because the petition calling for said election is not in the form required by the law now actually in force in the State of Kentucky, and did not contain a number of signers equal to 25% of the legal voters in each of the precincts, respectively, in Mason County.
5th. Because the petition calling for said election is insufficient to authorize the calling of an election under the laws now in force in the State of Kentucky.
6th. Because the form of question submitted to the voters and printed on the ballot in said election, was improper and confusing, and did not submit to the voters the question actually at issue to be voted on in said election.
7th. Because the legalized sale of intoxicating liquors being already prohibited in all of Mason County outside of the limits of the City of Maysville, and the legalized sale of liquor being permitted nowhere in Mason County except within the limits of the City of Maysville, said election should have been confined to the City of Maysville and the proposition voted on and the form of question placed on the ballot voted, should have clearly designated the territory in which the legalized sale of liquor was permitted and the territory within which the legalized sale of liquor was prohibited.
8th. Because the officers that held said election in several of the precincts in Mason County outside of the limits of the City of Maysville, were not duly sworn to faithfully perform their duties as such officers, and were not otherwise qualified under the law to act as election officers.
9th. Because the Act of the Kentucky Legislature under which said election was ordered and held is contrary to and in derogation to and in conflict with the provisions of the Fourteenth Amendment of the Constitution of the United States in his, that it deprives persons of liberty and property without due process of law, and denies to them the equal protection of the law.
10th. That said Act is in contravention to the provisions of the Interstate Commerce clause of the Constitution of the United States and the laws of the United States enacted thereunder.

The contestants ask that said notice and petition so filed in this contest be considered by the Board whose duty it is to hear election contests in local option elections in Mason County, and that it be adjudged that said election was and is invalid, null and void, and of no force or effect, and that they have their cost and all proper relief, to which they may appear entitled.

First Baptist Church.
"Fellow-workers With God" will be the morning sermon, and Rev. G. Henry Gahby, of Hopkinsville, Ky., will preach at the 7 p. m. hour. Baptismal services will follow the morning sermon.
Tomorrow begins a New System in our Sunday School; the School has been thoroughly graded, and a special program will be carried out in the main auditorium. Several new teachers will take charge of the new classes, which were created in grading the school. Every member should be present tomorrow, so the officers can thoroughly arrange this new system—9:30 a. m. is the hour.

The B. Y. P. U. meets from 6 to 7 p. m. in the Sunday School room. They have a live program, good music and fellowship, for all who attend.
Visitors and friends are all welcome to these services.
H. B. WILHOYTE, Pastor.

BRAVES WIN

Opening Game of World's Series Yesterday by the Score of 7 to 1

Shibe Park, Philadelphia, Oct. 9.—	
George Stallings' hostling Boston Braves, who turned things topsy-turvy in the National League by making a mad rush from last to first place at a time when they were considered hopeless last enders, continued their surprise package tactics today by defeating the Athletics, 7 to 1, in the first game of the world's series.

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months. I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

At all druggists.
